The Board and Village agree that the Village will be entitled to use the Facilities in accordance with this Agreement on Teacher Workdays, subject to the right of teachers and other Board employees to use the temporary or Permanent Parking Areas during the Teacher Workdays.

8. Use of Facilities Generally.

8.1. **Use During School Hours.** During School Hours, the Board will have the right to use the Facilities for all purposes permitted by Applicable Law. The Board will have the right to contract with third parties who wish to use the Facilities during School Hours for school events, private events or for events open to the public with or without payment of an entrance or access fee. Any contracts or use agreements between the Village and third parties will comply with Applicable Law. If the Village allows the Facilities to be used by third parties during Non-School Hours, the Village will be responsible for all maintenance, clean-up, risk management and supervision of the Facilities as if the Village itself were utilizing the Facilities. The Village shall require any third party user to provide liability insurance, naming both the Village and the Board as additional insureds, in accordance with applicable Board rules and regulations. The Village shall provide the Board with a copy of the third party user's certificate of insurance prior to the third party's use of the Facilities. The Village will be entitled to all fees which it may charge for use of the Facilities by third parties during Non-School Hours, according to the fee schedule for comparable Village park facilities

In particular, the Parties acknowledge that the field turf to be placed on the Playing Fields has a weight bearing limit, and that any vehicle or equipment exceeding the weight limit may damage the field turf. Therefore, no structures, vehicles (including helicopters), or other equipment will be permitted on the Playing Fields unless such vehicles are approved by the field turf manufacturer for use on the field turf surface.

8.5. **Field Striping.** The Village will have the right to stripe the Playing Fields with non-permanent paint or other materials as necessary.

If for any reason the Board experiences any difficulty in fulfilling any compliance requirements under the Bonds, including the tax-exempt status of interest thereon, the Parties shall meet to address the problems and use good faith diligent efforts to resolve any issues and make appropriate adjustments. The Village understands and agrees that such continuing compliance may require the Board to request audit(s) of the uses by the Village of the Facilities, and of any entity using the Facilities under the auspices of the Village. The Village agrees that it shall comply and shall cause such other entities to comply with all limits regarding use of the Facilities and will provide all related information requested by the Board which the Board deems necessary in order to preserve the tax-exempt status of the financing of the Facilities.

9. **Parking Areas.**

9.1. **Temporary Parking.** Prior to completion of the Phase 2 Improvements, the Parties shall use the designated temporary parking spaces during their respective periods of use. The Parties shall remove such vehicles using all lawful means, and may post signs to facilitate same, in accordance with Section 15.1 and Applicable Law.

10. Restroom Facilities

10.1. **Transitional Toilets.** Village and Board acknowledge that it is essential that there be restrooms available for use by the public during Non-School Hours. Restrooms will be included in the Concession Building to be constructed by the Board in accordance with the ILA, but the Concession Building is not scheduled to be constructed until after the Grade 6-12 Educational Facility is available for occupancy. The Parties agree that subsequent to completion of Phase 1 Improvements, and in order to provide the Village with temporary restroom facilities until construction of the Phase 2 Improvements commences, the Village shall have use of the Transitional Toilets. The Board shall leave the Transitional Toilets in good, safe and clean condition at the end of School Hours on School Days. The Village shall be responsible for providing custodial and janitorial services and supplies to the Transitional Toilets during Non-School Hours; for performing all maintenance, repair and upkeep of the Transitional Toilets required during Non-School Hours; and for maintaining the Transitional Toilets in a good, safe, and clean condition during Non-School Hours.

The Village shall be responsible for all costs and expenses related to the Temporary Restrooms, including, without limitation, installation, servicing and removal fees. The Village shall be responsible for providing custodial and janitorial services and supplies to the Temporary Restrooms; for performing all maintenance, repair and upkeep of the Temporary Restrooms required during Non-School Hours; and for maintaining the Temporary Restrooms in a good, safe, and clean condition. The Temporary Restrooms shall be solely for

the use of the Village during Non-School Hours. The Temporary Restrooms will be kept locked during School Hours, and will only be available for use by the Village during Non-School Hours.

10.4. Removal of Temporary Restrooms. The Parties agree that at such time as a CO is issued for the Phase 2 Improvements, including the restrooms located within the Concession Building, the Village shall, at its sole cost and expense, cause the Temporary Restrooms to be removed from the Site, and shall restore the area where the Temporary Restrooms were located to the same or better condition as existed prior to installation of same.

11. Lighting. The Board has previously installed Lighting for the Athletic Fields. The Lighting has been installed for the exclusive use of the Village, as it will be daylight during School Hours. The Parties agree that the Lighting will be sub-metered, and that the Village will be responsible for all Lighting utility charges except for those charges incurred by the Board for Board Events. 11.2. Board Use of Lighting. If the Board desires to use the Lighting during a Board Event, the Board will be required to deduct the cost of electricity consumed by the Board for Lighting during the Board Event from Lighting utility charges, calculated by dividing the utility charge for the month in question by the number of hours the Lighting is in use that month, and multiplying the hourly utility charge by the number of hours of the Board Event.

12. Use of Concession Building.

12.1. Concession Stand. The Concession Stand in the Concession Building will include the following equipment: sink, refrigerator, counter space, and cabinets with locks. Both the Board and the Village will be provided with separate secure space in the Concession Stand that can be secured with a lock and key. Each Party will be required to leave the Concession Stand in a clean condition on a daily basis at the end of their hours of use, and to secure all personal property in their respective secured space. The Parties acknowledge and agree that use of the Concession Stand or Concession Building may not violate any Applicable Law, including the Florida Building Code and the National Fire Prevention Code. Subject to the above, the Parties agree that cooking activities using small plug-in appliances (such as popcorn makers, crockpots, hot dog makers, blenders, and the like) will be permitted as long as such activities do not create a hazardous condition or generate waste that cannot be handled by the existing trash receptacles or sewage system.

12.2. Storage Room. The Storage Room in the Concession Building may be used by the Board and the Village for the storage of athletic equipment, Concession Stand supplies, and other equipment and materials which may be required by the Board or the Village in connection with their respective uses of the Facilities. The Village will provide to the Board on a quarterly basis an invoice and any supporting documentation reasonably requested by the Board, showing the Village's actual Maintenance costs during the preceding three-month period. The Board will be required to pay the invoice within 60 days after receipt of the invoice and the back-up information.

13.4. **Scoreboard Maintenance.** If the Board wishes to use the Scoreboard on an occasional basis, the Board will be responsible for a prorated portion of the Scoreboard Maintenance costs, based on the frequency of its usage. If the Board chooses not to use the Scoreboard at all, it shall have no responsibility for any Scoreboard Maintenance costs.

13.5. **Trash Removal and Janitorial Services.** Although the Village will be responsible for the Maintenance of the Facilities as described in the preceding sections, both the Board and the Village will be responsible for the prompt pick-up and removal of trash and litter generated during each Party's respective period of use, and for custodial or janitorial services

and supplies to the Concession Building. The Board and the Village acknowledge and agree that each Party must leave the Facilities in clean and functional condition at the end of their respective periods of use on a daily basis.

13.6. Maintenance Schedule. The Village may perform the required Maintenance at any time, subject to the provisions of Applicable Law. If Village wishes to perform Maintenance during School Hours, Village will first confirm with the Board Representative that its Maintenance activities will not interfere with any scheduled activities taking place on the Site.

13.7. Maintenance Workers. The Village acknowledges and agrees that if the Village desires to perform Maintenance on the Site during School Hours, any personnel employed by the Village or by a third-party contractor retained by the Village to perform the Maintenance must be pre-approved by the Board and must comply with all provisions of Applicable Law, including, without limitation, the Jessica Lunsford Act.

13.8. Pesticides and Herbicides. Prior to using any herbicide or pesticide on the Site, the Village will submit to the Board Representative for approval the specifications and environmental information for the specific products to be used.

13.9. Capital Repairs and Replacements. On a periodic basis, the Village will provide the Board with a budget for any capital repairs, replacements or upgrades which Village believes are necessary to keep the Facilities in good working order. The Board will review the budget and provide its written approval (or denial with an explanation) within 60 days after its receipt of the budget from Village. In the event the Board concurs with the nature and cost for the proposed work, the Board will reimburse the Village for its agreed upon amount after the work is completed, and upon receipt by the Board of an invoice and all reasonably required back-up information.

13.10. Storage of Maintenance Equipment. The Village will be permitted to store certain Maintenance equipment on the Site, as long as the equipment is stored in a safe manner and in compliance with Applicable Law. In particular, the Parties acknowledge that the Village will be purchasing an "agitator" to maintain the field turf to be installed on the Playing Fields, and that the agitator will need to be kept on Site during the term of this Agreement.

13.11. Required Inspections for Educational Facilities. The Board will be responsible for performing and paying for all inspections required by the State of Florida for educational facilities, including, without limitation, a required inspection of the bleachers. All required inspections must be performed during School Hours.

14. Utilities.

14.1. Water and Sewer. The cost of water and sewer services used by the Facilities will be shared equally by the Board and the Village. The Concession Building and any other Facilities which use water and sewer will be on a water and sewer sub-meter. Water and sewer bills will be sent to the Board for payment, and the Board will send the Village an invoice for 50% of the water and sewer charges with appropriate backup on a quarterly basis. The Village will be required to pay its share of the water and sewer charges within 60 days after receipt of the invoice and the back-up information.

14.2. **Electricity.** The cost of electricity for the Concession Building and any other Facilities requiring electricity will be shared equally by the Board and the Village, except for the cost of electricity for the Lighting and the Scoreboard, which shall be paid entirely by the Village. The Board will be responsible for reading the electric meters for the Facilities and paying all charges for electricity directly to FPL. The Board will send an invoice for reimbursement of electricity charges to the Village on a quarterly basis. The quarterly invoices will include a breakdown of kilowatts used for (a) Lighting and Scoreboard, and (2) kilowatts used for other electrical charges to the Facilities. The Village will be required to pay its share of the electric charges within 60 days after receipt of the invoice and the back-up information.

14.3. **Board Use of Lighting and Scoreboard.** If the Board elects to use either the Lighting or the Scoreboard during School Hours or for any Board Event, the Board will be required to pay its prorated share of any electricity charges for the Lighting or Scoreboard as set forth in this Agreement.

14.4. **Trash Pickup.** The Village will be responsible on a daily basis for emptying trash receptacles placed on the Playing Fields, in the Concession Building, and in Parking Areas. Village shall place any collected trash into School dumpsters located on the Site for use by the Schools. Trash collection bills will be sent to the Board for payment, and the Board will send the Village an invoice for 50% of the trash collection charges attributable to trash generated by the Facilities with appropriate backup on a quarterly basis. The Village will be required to pay its share of the trash collection charges within 60 days after receipt of the invoice and the back-up information.

14.5. **Stormwater Fees.** The Board will be responsible for any stormwater fees assessed against the Site.

14.6. **Wireless Service.** The Village will have the right, at its option and at its expense, to place a tower or other equipment on the Site, at a location mutually agreed upon by the Parties and in compliance with Applicable Law, exclusively to provide wireless internet service at the Site, as long as the tower or equipment is not placed near the Playing Fields or the Concession Building. If the Board desires to use the wireless service during School Hours, the Board will be required to pay 50% of the cost of the service, and the Village will assure that unfiltered content may not be accessed by students at the Schools. Bills for wireless service will be sent to the Village for payment, and if the Board is using the wireless Service, the Village will send the Board an invoice for 50% of the wireless charges with appropriate backup on a quarterly basis. The Board will be required to pay its share of the wireless charges within 60 days after receipt of the invoice and the back-up information.

14.6.1. **Board Wireless Service.** If the Board chooses to install its own wireless internet system to service the Schools, the Village and the Board shall work together to ensure that neither Party's wireless system interferes with the other. Priority shall be given to the Board devices using the Board wireless system during School Hours.

15. **Signage and Naming Rights**

15.1. **Signage.** Except as provided in Section 9.6 of this Agreement, neither Party is permitted to place any signage within the Facilities other than school-related signs and directional signs, which will be provided by the Board. Banners or other similar signs which

may be hung on fences or in any other locations within the Facilities must be temporary in nature and approved first in writing by the Board Representative and the Village Representative.

15.2. **Naming Rights.** If either Party desires to name the Facilities or portions thereof, such naming shall be done in compliance with Board Policy. The Parties shall work collaboratively with each other in naming the Facilities, in compliance with Board Policy.

16. **Security.**

16.1. **Security During School Hours.** During School Hours, security for the Facilities will be provided by the Board in accordance with standard Board operating procedures, and at Board's expense.

16.2. **Security During Non-School Hours.** During Non-School Hours, security for the Facilities will be provided by Village police at the Village's expense. Given that the Facilities will be used by the public during Non-School Hours, and are located adjacent to the Schools, the Village shall make every reasonable effort to assure that individuals utilizing the Facilities during Non-School Hours do not access the balance of the Site housing the Schools. The Village will not be responsible for any security at the Facilities either before or after Non-School Hours.

16.3. **Securing the Site and Facilities.** The Board and the Village will each be responsible for insuring that all Facilities are locked or secured at the end of their respective periods of use.

17. **Insurance.**

17.1. **Property Insurance.** The Board shall maintain self-insurance or property insurance for the Facilities, and shall provide evidence of such self-insurance or insurance to the Village. The Village may, at its option, maintain property insurance for Village personal property located within the Facilities. If Village elects to insure its personal property, it shall provide evidence of such insurance to the Board.

17.2. **Commercial Liability Insurance.** Subject to the provisions and monetary limitations of Section 768.28, Florida Statutes (as may be amended), which limitations shall be applicable regardless of whether such provisions would otherwise apply, and to the extent permitted by law, the Board and the Village shall each maintain either a public liability insurance policy or an ongoing self-insurance program for public liability, automobile liability and worker's compensation insurance, and shall provide reasonably satisfactory evidence of such insurance or ongoing self-insurance program to the other Party. Nothing in this Agreement is intended to operate as a waiver of sovereign immunity by either Party.

18. **Damage or Destruction of Facilities.**

18.1. **Casualty.** In the event the Facilities should be destroyed or so damaged by fire, windstorm or other casualty that the Facilities are rendered untenable or unfit for the purposes intended, the Board shall repair or replace the damaged or destroyed Facilities. The Board shall cause the damaged or destroyed Facilities to be repaired or replaced, and restored to a safe, secure and useable condition within 180 days from the date of the damage or destruction, or within such other reasonable period of time as the Parties mutually agree upon, based upon the scope and nature of the damages, costs of the necessary repairs, and available funding for such repairs. Should the damaged or destroyed facilities not be repaired and rendered tenantable

within the agreed-upon time period, then the Village may, at its sole option, place the Board in default.

18.2. **Damage by Village.** Any damage or destruction sustained to the Facilities or other improvements located on the Site as a result of the Village's actions or failure to act shall be repaired by the Village at the Village's sole cost and expense.

18.3. **Damage by Board.** Any damage or destruction sustained to the Facilities or other improvements located on the Site as a result of the Board's actions or failure to act shall be repaired by the Board at the Board's sole cost and expense.

19. **Eminent Domain.** If any part of the Facilities is taken in the exercise of the power of eminent domain, this Agreement shall terminate on the date title vests in the taking authority. The Village may pursue all available remedies for the taking but will have no interest in any award made to the Board.

20. **Hazardous Materials.** For purposes of this Agreement, the term "**Hazardous Substances**" shall include, but not be limited to, flammable substances, explosives, radioactive materials, asbestos, polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, medical wastes, toxic substances or related materials, petroleum and petroleum products, and substances declared to be hazardous or toxic by Environmental Law. The term "**Environmental Law**" shall mean any law, ordinance, rule, order, decree, judgment, regulation and guideline (present and future), of any governmental, quasi-public authority and applicable board of insurance underwriters related to environmental conditions on, under, or about the Facilities, or arising from the Village's use or occupancy of the Facilities or other portions of the Site, including, but not limited to, soil, air and ground water conditions, or governing the use, generation, storage, transportation, or disposal of Hazardous Substances in, on, at, to or from the Facilities. The term "Hazardous Substances Discharge" shall mean any deposit, spill, discharge, or other release of Hazardous Substance that occurs during the term, at or from the Facilities (unless caused solely by the Board), or that arises at any time from the Village's use or occupancy of the Facilities.

20.1. **No Violations by Village.** The Village shall not cause or permit to occur: (a) any violation of any Environmental Law in the Facilities or elsewhere on the Site; or (b) the use, generation, release, manufacture, refining, production, processing, storage or disposal of any Hazardous Substances on, under, or about the Facilities, or the transportation to or from the Facilities across portions of the Site of any Hazardous Substance.

20.2. **Village's Obligations Regarding Environmental Laws.** The Village shall, at the Village's expense, comply with all applicable Environmental Laws with respect to the Facilities. The Village shall, at the Village's expense, make all submissions to, provide all information required by, and otherwise fully comply with all requirements of any governmental authority arising under Environmental Laws with respect to the Facilities during the term of this Agreement. If any governmental authority requires any clean-up or clean-up measures because of any Hazardous Substances Discharge demonstrated to have been caused by the Village with respect to the Facilities, then the Village shall, at the Village's expense, prepare and submit the required plans and all related bonds and other financial assurances and shall carry out all such clean-up plans. The Village shall promptly notify the Board of any notices or communications received from any jurisdictional entity in relation to any environmental issues on the Facilities, and shall promptly provide the Board with all information reasonably requested by the Board

regarding the Village's use, generation, storage, transportation or disposal of Hazardous Substances in or at the Facilities.

20.3. Indemnification by Village. The Village shall indemnify the Board against any Hazardous Substances Discharge demonstrated to have been caused by the Village, subject to the limitations included within Section 768.28, Florida Statutes. The obligations and liability of the Village under this paragraph shall survive the expiration, cancellation or termination of this Agreement.

20.4. Indemnification by the Board. The Board shall indemnify the Village against any liability for any Hazardous Substances Discharge demonstrated to have been caused by the Board, subject to the limitations included within Section 768.28, Florida Statutes. The obligations and liability of the Board under this paragraph shall survive the expiration, cancellation or termination of this Agreement.

21. Liability

21.1. Limitation of Village Liability. Subject to the provisions and monetary limitations of Section 768.28 of the Florida Statutes (as may be amended), which limitations shall be applicable regardless of whether such provisions would otherwise apply, and to the extent permitted by law, the Village shall not be liable for any damage or injury which may be sustained by the Board, or by any person using the Facilities, other than damage or injury resulting from the negligence or improper conduct of the Village, its agents, representatives or employees, or resulting from the Village's failure to perform its obligations under this Agreement.

21.2. Limitation of Board Liability. Subject to the provisions and monetary limitations of Section 768.28 of the Florida Statutes (as may be amended), which limitations shall be applicable regardless of whether such provisions would otherwise apply, and to the extent permitted by law, the Board shall not be liable for any damage or injury which may be sustained by the Village, or by any person using the Facilities, other than damage or injury resulting from the negligence or improper conduct of the Board, its agents, representatives or employees, or resulting from the Board's failure to perform its obligations under this Agreement.

22. Indemnification.

22.1. Indemnification by Board. Subject to the provisions and monetary limitations of Section 768.28(5), Florida Statutes (as may be amended), which limitations shall be applicable regardless of whether such provisions would otherwise apply, and to the extent permitted by law, the Board agrees to indemnify and hold harmless the Village, to the extent of the limitations included within Florida Statutes, Section 768.28, subject to the provisions of Section 768.28 whereby the Board shall not be held liable to pay a personal injury or property damage claim or judgment by any one person which exceeds the sum of \$200,000 or any claim or judgment, or portions thereof, which, when totaled with all other claims or judgments paid by the Board arising out of the same incident or occurrence, exceeds the sum of \$300,000 from any and all personal injury or property damage claims, liabilities, losses and causes of action which may arise solely as a result of the negligence of the Board. This paragraph is not intended to indemnify the Village from any liability or claim arising out of the negligent performance or failure of performance of the Village or as a result of the negligence of any unrelated third party.

22.2. **Indemnification by Village.** Subject to the provisions and monetary limitations of Section 768.28(5), Florida Statutes (as may be amended), which limitations shall be applicable regardless of whether such provisions would otherwise apply, and to the extent permitted by law, the Village agrees to indemnify and hold harmless the Board, to the extent of the limitations included within Florida Statutes, Section 768.28, subject to the provisions of Section 768.28 whereby the Village shall not be held liable to pay a personal injury or property damage claim or judgment by any one person which exceeds the sum of \$200,000, or any claim or judgment, or portions thereof, which, when totaled with all other claims or judgments paid by the Village arising out of the same incident or occurrence, exceeds the sum of \$300,000 from any and all personal injury or property damage claims, liabilities, losses and causes of action which may arise solely as a result of the negligence of the Village. This paragraph is not intended to indemnify the Board from any liability or claim arising out of the negligent performance or failure of performance of the Board or as a result of the negligence of any unrelated third party.

22.3. **Survival of Indemnification.** The provisions of this Section 22 shall survive the expiration or early termination or cancellation of this Agreement. Nothing in this Agreement is intended to operate as a waiver of either Party's sovereign immunity

23. **Default.**

23.1. **Notice.** If a Party to this Agreement (the "Defaulting Party") fails to perform under this Agreement or fails to comply with the terms and conditions of this Agreement (a "Default"), the other Party hereto (the "Non-Defaulting Party") must send written notice (the "Default Notice") to the Defaulting Party, according to the notice requirements set forth in this Agreement.

23.2. **Opportunity to Cure.** The Defaulting Party will have a period of 30 days after receipt of the Default Notice to either cure its Default or to provide a written response to the Non-Defaulting Party indicating the status of the Defaulting Party's resolution of the Default and a schedule for the curing of the Default.

23.3. **Remedies.** If, within 30 days after receipt of Default Notice, the Defaulting Party fails to either cure its Default, or to provide a written response to the Non-Defaulting Party indicating the status of the Defaulting Party's resolution of the Default and a schedule for the curing of the Default, then the parties agree that the Village Manager, and the Board's Chief Facilities Officer shall meet and attempt to cure the Default before either Party initiates legal action to enforce this Agreement. If a Default shall occur and shall continue, the Non-Defaulting Party shall be entitled to all remedies available at law or in equity, which may include, but not be limited to, the right to damages and/or specific performance, or cancellation of this Agreement.

24. **Subordination.** This Agreement is and shall be subject and subordinate to (a) any conveyance, lease or ground lease of the Site or the Facilities; (b) the rights of the Board under any leases; (c) the rights of the Board to all financing that may now or hereafter affect the Site or the Facilities, and (d) the rights of the Board with respect to all renewals, modifications, consolidations, replacements and extensions of such leases or financing; **provided, however,** that the holder of any lease, ground lease or financing of the Site or the Facilities will execute a subordination and non-disturbance agreement acknowledging and agreeing to honor the rights of the Village under this Agreement.

25. **Peaceful Possession.** Subject to the terms, conditions and covenants of this Agreement, the Parties agree that each Party shall and may peaceably use and enjoy the Facilities, without hindrance or interference by the other Party.

26. **Right of Entry.** The Board, or any of its agents, representatives or employees, after first providing reasonable notice to the Village, shall have the right to enter the Facilities during Non-School Hours to examine same or to make such repairs, additions or alterations as may be deemed necessary for the safety, comfort or preservation of the Facilities or balance of the Site, provided such activities do not unreasonably interfere with the Village's use of the Facilities. In cases of emergency, no prior notice will be required prior to entry.

27. **Use of Site as a Revenue Generator.** The Board shall at all times retain the exclusive right to be the sole authorizer of revenue generators and the sole recipient of revenues relating to the Site, in compliance with the Board's rules and regulations, including, without limitation, third party advertising or installation of wireless telecommunications facilities, provided such advertising or installations do not unreasonably interfere with the Village's rights to peaceful enjoyment of the Facilities. This provision shall not prohibit the Village from retaining all fees which the Village may charge for use of the Facilities by third parties during Non-School Hours as set forth in Section 8.3.

28. **Taxes and Regulatory Compliance.** The Village shall be responsible for payment of any taxes, fees or other assessments, including but not limited to sales tax, which may be imposed on the Site as a result of the use and occupancy of the Facilities by the Village. The Board shall be responsible for payment of any taxes, fees or other assessments, including but not limited to sales tax, which may be imposed on the Site as a result of the use and occupancy of the Facilities by the Board. If at any time during the term of this Agreement, there is a requirement by any jurisdictional entity for infrastructure improvements or other regulatory compliance due to the Village's use or occupancy of the Facilities, the Village acknowledges and agrees that it shall be responsible for compliance with all applicable requirements, at the Village's sole cost and expense. If at any time during the term of this Agreement, there is a requirement by any jurisdictional entity for infrastructure improvements or other regulatory compliance due to the Board's use or occupancy of the Facilities, the Board acknowledges and agrees that it shall be responsible for compliance with all applicable requirements, at the Board's sole cost and expense.

29. **Surrender of Premises.** The Village agrees, at the expiration, termination or cancellation of this Agreement or any extension thereof (including cancellation due to damage or destruction of the Facilities), to promptly and peacefully surrender and deliver possession of the Facilities to the Board. The Village shall be required to promptly remove all of the Village's personal property and other items belonging to the Village from the Facilities. In addition, upon the expiration, cancellation or termination of this Agreement, the Village agrees, at the Board's sole option, to remove any improvements or facilities constructed by the Village on the Site and to restore such area to the same or better condition as existed as of the Commencement Date of this Agreement. In the event the Board elects to retain any improvements constructed by the Village, the Village agrees to convey title to the improvements to the Board, without compensation due to the Village. The Village shall promptly return all keys and other items belonging to the Board and shall coordinate with the Board to ensure a proper and timely surrender of the Facilities. Any of the Village's personal property not removed within ten (10)

days after expiration, termination or cancellation of this Agreement shall be considered abandoned.

30. **Non-Discrimination.** The Parties agree that there will be no discrimination against any person based upon race, color, sex, religious creed, ancestry, national origin, mental or physical handicap, or as otherwise provided by law, in the use of the Facilities. It is expressly understood that upon a determination by a court of competent jurisdiction that discrimination in the use of the Facilities by a Party hereto has occurred, such event shall be treated as a Default hereunder.

The Village shall keep records to show its compliance with this Agreement. In addition, the Village's contractors and subcontractors must make available, upon the Board's request, any books, documents, papers and records which are directly pertinent to this specific Agreement for the purpose of making audit, examination, excerpts, and transcriptions. The Village, its contractors and subcontractors shall (a) retain all records for five (5) years after the completion of construction work, if any, at the Facilities; and (b) the Village shall retain records for five (5) years after the expiration, early termination or cancellation of this Agreement. The Village shall incorporate this provision into every contract that it enters into relating to the Facilities.

31.2. **Village's Right to Request Records.** The Board acknowledges and accepts the authority of the Village to request and authorize audits, inspections, and reviews, including, but not limited to, the authority to access the Board's records, its legal representatives' and contractors' records and the obligation of the Board to retain and to make those records available upon request, and in accordance with Applicable Law.
